

Requests for Health Records PHC Remote Flowchart

Primary Health Care (PHC) Clinical Governance is the point of contact for approval and coordination of supplying copies of the requested client medical records. When requests for a copy of Health Records are received by any PHC Remote staff member, the request should be forwarded to PHC Clinical Governance in the first instance. This allows for all requests to be logged and information generated according to consistent protocols, under the direction of the PHC Clinical Governance Team.

<p>Provider / Agency Requesting Medical Records</p> <p><i>External agencies include: Coroner; Police; Crimes Victims Service Unit (CVSU); Territory Families; Insurance Companies, Legal Services and Other Health Service Agencies</i></p>	<ul style="list-style-type: none"> ▪ Complete Provider / Agency 'Request for medical records' and supply details of delegated authority under Legislation or a client's signed 'Authority to release' as appropriate ▪ Send request and client's authority to PHC Clinical Governance E-mail: RequestsPHCMedRecords.DoH@nt.gov.au Confidential Fax: (08) 8942 6811 <p>Enquiries: Central Australia: (08) 8951 7602 Top End: (08) 8985 8138</p>
